AJ Industries

EMPLOYER PROFILE

AJ Industries is a value added wood products company located in Dawson Creek, B.C. to fill a niche market for the supply of lathe, survey stakes and dunnage. This company purchases their raw material from local suppliers throughout the Peace River region and manufacture their products for sale in a free market.

Gary Aven, President/Owner of AJ Industries has extensive background and experience in the forest sector, providing the incentive to create this company.

AJ Industries employ 35 people on a full time basis. One of their basic hiring criteria is that employees have and maintain a good attitude. Education and other related work experience is also considered when seeking new employees. Applicants with an aptitude for working in wood products manufacturing, using trimsaws, chopsaws, lumber grading and operating mobile forklifts should provide their resume to the office of AJ Industries.

Please forward your resume and cover letter to:
