

Brink Forest Products Ltd.

EMPLOYER PROFILE

Brink Forest Products Ltd. is an integrated lumber remanufacturing plant located in Prince George, BC producing a range of structural, industrial and value-added wood products destined for local and international markets. The company started operations on its current site in 1975 and has grown steadily within the forest products industry utilizing the softwood species of northern BC. It presently employs approximately 50 people.

The company plans to expand its operations in the New Year and requires production line employees for its lumber remanufacturing and value-added manufacturing operations. Applicants with an aptitude for working on planers, trimmers, lumber grading, fingerjointers, chopsaws, rip-saws or millwrighting should drop their resumes off at the office. Brink Forest Products Ltd. is always interested in receiving applications from individuals who have **WoodLINKS Certification** and are seeking employment in the wood manufacturing industry.
